Handmade with heart

At The American Pie Company, we bake our pies from scratch each day from authentic American recipes, passed down through generations.

With our wide variety of delicious textures and flavors, our pies follow the seasons, and have a handmade rustic elegance that will surely delight your guests of all ages.

As an engaging experience, we create beautiful seasonal table displays at your event location to complement the pies being served.

Our main pie shop on Skindergade is also available for private events and small receptions, with its unique vintage decor, cozy surroundings, and just a 10 minute walk from Rådhuset in the heart of Copenhagen.

Why Pie?

No two events are the same, and no two pies are the same either! Pies are seasonal and their flavors and textures change year round. Rather than everyone eating the same cake, your guests will have the opportunity to enjoy a wide range of seasonal sweet pies, specially hand-picked by you.

Pie textures range from smooth and creamy (much like cheesecake or cream cakes), to sweet and juicy, to crunchy and bold.

Pie tables are bursting with delicious flavors like salted caramel, sour citrus, tart berries, hand-rolled butter crusts, spiced apples, rich dark chocolates, creams and meringues, bourbon and nuts, and more.

FLEXIBILITY FOR SPECIAL DIETARY OR ALLERGY NEEDS

When hosting a large group of people, you may have guests with allergies or special dietary needs. We can help customize your pie table to accommodate these needs with certain pies that can be made lactose-free, gluten-free or vegan, so *everyone* at the party can enjoy!

Our Pie Tables

Our pie tables are perfect as a memorable "event within your event". We'll decorate your unique pie table with the seasonal greenery and entertain your guests, while serving the pies you have chosen. And with all the delicious flavors to choose from, your guests are in for a treat that sparks conversation!

With delivery and clean up included, we'll work with you or your event coordinator to ensure that your celebration runs smoothly, so you can relax and enjoy the moment.

"Ken and I are so thrilled we chose an untraditional wedding cake for our big day. It was a delicious surprise and our guests are still raving about the 'wedding pies' and ALL the delicious flavours. It was a massive hit."

– Esther Staarup Wright, bride

"Da jeg blev gift, droppede vi bryllups kagen og fik i stedet et kæmpe Pie Table fra The American Pie Company. Det var et kæmpe hit. Alle gæster var vildt begejstrede. Også lige i min ånd: hjemmebag på et mega højt niveau. Kan klart anbefales!"

– Tanja Maria, bruden

"Thank you for hosting the lovely Pie Table at our wedding. It was completely amazing and we are still blown away!"

Best from, Mikkel and Sarah

How do we get started?

Pies are served by the slice and each pie serves 8-10 people. You'll be invited to our pie shop cafe for a private meeting and pie tasting. We'll discuss your event details and make a plan for which pies will be the right choices for your guests and the season.

If you're big on tradition, we offer special "cut-the-cake" pies for weddings, as well as customized pies with names and dates for other special occasions.

And with over 35 pies to choose from, the hardest part is deciding which flavors will be the perfect combination to share with your guests.
